

Project Design Phase – 2

Data Flow Diagram

Date	3 Oct 2022
Team ID	PNT2022TMID22236
Project Name	AI-based localization and classification of skin disease with erythema
Maximum Marks	4 Marks

DATA FLOW DIAGRAM:

A **data-flow diagram** is a way of representing a flow of data through a process or a system (usually an information system). The DFD also provides information about the outputs and inputs of each entity and the process itself. A data-flow diagram has no control flow — there are no decision rules and no loops.
